Let's talk about why we do this!

Wine enthusiasts, novices and the like will vouch for the passion that goes into each and every bottle, every grape grown, harvested, crushed, pressed, fermented and finally ... bottled. The passion keeps you wanting next year's grapes today. Friends and patrons stop by to see how things are coming along, a sip or a special tasting here and there. Sharing accomplished wine.

On occasion Henke Winery is asked to give a wine presentation. This is always fun, sharing experience, the passion evident. OLLI Summer Series at the University of Cincinnati, College of Applied Science often asks Joe to speak before a wine enthusiast's class. Joe is a wealth of information, of course, he always enjoys the great group and questions. Henke's newly bottled 2017 Chardonnay and 2016 Norton was on hand for a splash and discussion. **#WineLovers** That's why!

Volunteer Bottlers – Crushing it! A round of Vin de Rouge is in the house, as well as Norton and Chardonnay. An excellent Cabernet Sauvignon Reserve too! This is always great fun and many volunteers have been helping for 22 Years! Volunteers can bottle a case of wine per minute. Now that's a wine dance! A little sipping may take place as well as a hearty meal served for the volunteers afterwards. Fun! Don't look now but it's Crushing Season!!! #Volunteers #LucyList

Cellar Sips with Joe ...

First of all I want to apologize for being so late with our newsletter. It's bad to be late for your own birthday celebration. We are now 22 years and 2 months. I plan to have a special blend on tap for our official birthday September 22nd. Along with the special wine, great wine prices and cake we will have our cork competition that day. Get your hot glue gun working. It will be a fun filled day for all.

Like in years passed we have been very busy bottling. THANKS TO ALL WHO HELP HERE AT THE WINERY. I am very blessed to have so many who help. Some of the new wines we have are a Reserve Cabernet Sauvignon and working on a sparkling Chardonnay. We have only produced 8 RESERVES in our 22 years. Come in and give it a try!

This year looks better for grapes (so far). Some of our local producers have a wonderful crop and hope mother nature and the beasts, both flying and on the ground keep away.

Again thanks to all and lets have a great harvest.

Cheers! ~Joe~
